

Bobby Soni – Flutter / Android Application Developer

Email: bobbysoni05@gmail.com **Contact:** 8602698928 **LinkedIn:**
<https://www.linkedin.com/in/bobbysoni04/>

Professional Summary

Dedicated Flutter Developer with 2 years of experience in designing, developing, and deploying high-performance cross-platform mobile applications. Proficient in Dart, Flutter UI/UX, state management, and integrating RESTful APIs to build smooth and scalable apps. Skilled in debugging, performance optimization, Firebase services, and implementing responsive UI designs. Strong team collaborator with a passion for learning new technologies and delivering quality mobile solutions on time.

Key Skills

- Flutter & Dart Development (Android Studio)
- Custom Widget Development & Responsive UI
- REST APIs Integration & Postman Testing
- Firebase (Firestore, Realtime Database, Cloud Messaging, Notifications)
- Google Maps, Places, Directions API Integration
- In-App Purchases & In-App Ads
- Background Services, Google Calendar Integration
- Bluetooth / Wi-Fi Connectivity
- Payment Gateway Integration
- Printer Integrations
- Git Version Control & Collaboration
- Debugging using Flutter DevTools, Logging, Inspector

Technical Skills

Tools & Technologies: Flutter, Dart, Android SDK, Android Studio, Postman, Firebase

Emulators: Android SDK Emulator

Work Experience

Android Application Developer – Maestros InfoTech, Bhopal

July 2023 – Present | Bhopal (Total Experience: 2 Years)

- Designed and developed scalable and efficient Android & Flutter applications with a strong focus on performance and UI quality.
- Collaborated with product managers, designers, and backend developers to implement new features and improve user experience.

- Integrated third-party APIs and optimized data handling for smooth application performance.
- Performed unit testing and resolved edge cases to ensure reliability and stability.
- Debugged and fixed crashes, improved app speed, and optimized memory usage.
- Participated in code reviews and supported junior developers to maintain clean code practices.

Projects

Yann Customer Application

Tools: Flutter, Dart, Firebase, REST APIs, Android Studio

Link: https://play.google.com/store/apps/details?id=com.yanncustomer.app&hl=en_IN

Description: Customer application designed to provide a smooth and user-friendly experience with secure login, real-time updates, and seamless API integration.

Yann Driver Application

Tools: Flutter, Dart, Firebase, REST APIs, Google Maps, Android Studio

Link:

https://play.google.com/store/apps/details?id=com.safecaredrive_driver.app&hl=en_IN

Description: Driver application for Yann customers to manage ride requests, accept/reject bookings, track navigation, and update availability status.

ShuttleRide Driver

Tools: Google Maps, Google Location, Google Tracking, Direction API, Android Studio

Link: <https://play.google.com/store/apps/details?id=com.shuttleride.driver>

Description: Driver-side app to manage bookings, pickup locations, passenger details, and online/offline availability.

Jyotishji Astrologer

Tools: Flutter, Dart, Firebase, Agora, REST APIs, Android Studio, Payment Gateway

Link: <https://play.google.com/store/apps/details?id=com.jyotishjee.app>

Description: Platform connecting astrologers with customers for chat, video calls, and live streaming.

Jyotishji Customer

Tools: Flutter, Dart, Firebase, Agora, REST APIs, Android Studio, Payment Gateway

Link: <https://play.google.com/store/apps/details?id=com.jyotishjee.app.customer>

Description: Customer app for expert astrology guidance via chat, video calls, and live sessions.

Walkbarn

Tools: Flutter, Dart, Firebase, REST APIs, Android Studio, Payment Gateway

Link: <https://play.google.com/store/apps/details?id=com.walkbarncustomer.app>

Description: Online shopping application with product categories, secure payments, and smooth ordering experience.

Mpexcise Guard Application

Tools: Flutter, Dart, REST APIs, Android Studio

Link: https://play.google.com/store/apps/details?id=com.mpexcise_vehicleinfo.app

Description: Guard application for checking vehicle-related information with fast search, verification flow, and smooth UI experience.

Education

- B.Tech (Computer Science Engineering) – SIRT College (2022) | 8.4 SGPA
- 12th (MP Board) – 2018
- 10th (MP Board) – 2016
